

scim-tables 0.5.2 has been released.

Author: James Su<james.su@gmail.com>

It's a stable release of 0.5.0 branch.

Changes since 0.5.1:

- Keyboard layout support was implemented, therefore scim 1.4.0 is required. A new Chinese table (Wu Pinyin scheme) has been added. Two new Nepali tables have been added. Two misc tables, LaTeX and IPA-X-SAMPA have been added. Skim setup module has been merged into this package.
