

FAQ section of wiki implementation is completed

Author: Cougar Liu<liucougar@scim-im.org>

The FAQ section, as the second stage of the Wiki part implementation, was just finished. Please do not hesitate to contribute. In addition, a privilege bug of this site was fixed and a new online survey question was published. A new preview screen shot of next skim release demonstrating transparent feature was uploaded too.

FAQ Section

This section contains four sub categories as this news was written. Please go into one of them to create new FAQs if you want to.

Other Updates

A privilege bug in this site, which causes self-registered users not be able to add comment to documents etc, has been fixed.

As you may have noticed, a new poll was established, please scroll down to vote in the right tool panel ;)

Skim 1.3.0 Transparent Preview

Please have a look at the associated image ;) This screenshot demonstrates one of the features scheduled for skim 1.3.0.
