

skim 1.4.2 minor bug fix version arrives

Author: Cougar Liu<liucougar@scim-im.org>

Just as 1.4.1, this version is a minor bug release with some minor enhancement.

ChangeLog since skim last stable version 1.4.1:

- Improved: added move up/down button in filter config dialog
- Improved: added ComposeKeyFactory in IMEngine setup dialog
- Fixed: a bug in configure script (affecting debian system)
- Fixed: toggling main window mode did not update property buttons in it

Detailed ChangeLog can be found in the ChangeLog file in the package or [online](#).
